AMUSEMENT HALL

BOARD OF TRUSTEES HAS BEEN ASKED TO GRANT PERMIT TO CONDUCT POOL ROOM

There appeared an announcement in the minutes of the meeting of the Board of Trustees of August 26 mentioning that B. L. Cushman of 208 East Maple avenue had made application for a permit to open and maintain a first-class recreation and amusement parlor for billiards, pool and bowling in the City of Glendale. The letter making application for the permit was accompanied by a petition headed as follows:

We, the undersigned business men of Glendale, believing it to be a mutual benefit to our city, are in favor of granting a permit to Mr. B. L. Cushman to open and maintain a first-class recreation and amusement parlor for billiards and bowling:

Ezra F. Parker, 117 S. Brand.
Allen A. Barstow, 117 S. Brand.
Robert C. Plume, 121 S. Brand.
W. M. Platt, 129 S. Brand.
S. A. Davis, 118 W. Colorado.
F. S. Hill, 121 S. Brand.
J. W. M. Burton, 133 S. Brand.
C. L. Chandler, 133 S. Brand.
Daniel Kelty, Jr., 107 S. Brand.
Jesse H. Flower, P. O. Box 203, Glendale.
Albert G. Cornwell, 107 S. Brand.
Dr. C. S. Steelman, 113 S. Brand.
E. S. Bliven, 119 S. Brand.
Harry M. Miller, 114 E. Broadway.
Oma Fish, 115 E. Broadway.
Dave Carney, 112 E. Broadway.
Claude Caswell, 108 E. Broadway.
R. H. Freeman, 108 S. Brand.
H. M. Butts, 121 S. Brand.
C. L. Booth, 143 S. Brand.
L. N. Hagood, 143 S. Brand.

Permits Over $20,000

Yesterday was another good day for building permits, the total being over $20,000 and all for residences. Here is a list of them:

Mrs. Olive J. Nelson, 6 rooms at 127 S. Adams	$ 4700
H. A. McPherson, 6 rooms and garage, 336 Patterson Ave.	4500
Zoula R. Brown, 5 rooms at 220 N. Maryland Ave.	5000
J. L. Murphy, 4 rooms and garage at 471-73 W. Wilson Ave.	1500
Gustave Weger, 3 rooms, 1124 E. Wilson Ave.	1500
F. L. Smith, 4 rooms at 123 W. Garfield Ave.	2950
Charles F. Newton, 2 rooms at 516 E. Wilson Ave.	1500
Jose Felix, remodeling residence at 218 E. Lomita Ave.	200

OWN YOUR HOME

SOUND ADVICE GIVEN BY A TRANSPLANTED MISSOURIAN

When J. C. O'Dell came from Missouri to Glendale to be "shown," he speedily drank in all the beauties of our fair city and is now one of the most outspoken advocates of the home of his adoption, ceasing not to write his friends back in the homeland to hurry out to this land of promise. Mr. O'Dell gives some good advice to citizens in general in the following communication to the Evening News:

The time will soon be here when the average man will be forever barred from owning a home on account of the price. Many, indeed, are they who have spent their best and most fruitful years paying tribute to the landlord, as well as dumping their earnings into the movies and other amusements, who now, as they descend toward the lengthening shadows of life are less able to buy a home than they were when, in the buoyant days of youth, they started upon life's struggles twenty or thirty years ago. Annually there came to our shores a million immigrants from foreign lands. They are picking up some of our choice homes that should be owned by our own people. Our population doubles every twenty-five years, and sixty per cent of our people are very little acquainted with the conditions which actually confront them, or the mad rush for homes would be tenfold more fierce and insistent than it is today. The public domain has practically disappeared. These facts are all significant of the great change that must come as the natural and logical result of things that have been transpiring for fifty years, and that are now converging toward that grand climax when every waste acre of land between the two oceans is taken and when the landless man will look about him in vain for a place which he can call his home.

BOY SCOUT PARADE

FATHERS OF THE BOYS, TROOP COMMITTEEMEN AND COUNCILORS TO JOIN IN

Roy Kent, secretary, and S. B. Kellogg, Scout Executive, are urging the presence of all Boy Scouts, their fathers, troop committeemen and councilors at Brand and Colorado next Saturday, 1:30 p. m., to join in the parade, which starts promptly at 2:00. They say; "Let's join with our boys in the fun of this big day." The full program for parade, camp dedication and subsequent proceedings is as follows:

Saturday

2:00 P. M.—Parade of Scouts, with their fathers, troop committeemen, and councilors.
2:30 P. M.—Leave Broadway at Glendale Ave. for Camp, on the south slope of Sister Elsie Peak.
3:30 P. M.—Swim.
4:00 P. M.—Flag raising and dedication of camp.
4:30 P .M.—Games.
5:30 P. M.—Mess.
7:00 P. M.—Camp Fire.
9:00 P. M.—Taps.

Sunday A. M.

6:00—Reveille.
7:00—Mess.
8:30—Scout Church.
9:00—Leave for home.

Very important. Your attendance essential.

Bring your car, if you have one, grub for supper, plenty of warm blankets, if you are to stay overnight; and grub for breakfast.

It's Your Move

Recent moves necessitated by sales of property, expiration of leases or for occupancy of just completed homes are as follows: M. F. Smith, from 626 South Central avenue to 719 South Maryland avenue; the Panniers from 612 North Columbus avenue to 416 Pioneer Drive; C. E. Day from 118 Franklin Court to 511 East Harvard; F. E. Howe from 1009 Mariposa to 470 West California avenue; D. Hargett from corner Glendale avenue and Broadway to Blythe; L. J. Ohlman from 470 to 474 West California avenue; H. A. Page from 130 Franklin Court to 1000 South Glendale avenue. Moves to be made the next few days by owners into new residences nearing completion will be as follows: M. E. Babcock to 719 South Maryland; O. Sorenson to 722 Howard; F. H. Bruce to 440 East Acacia; F. F. Peterson to 366 Myrtle; L. E. Yousing to 335 Pioneer Drive and E. McConnell to 319 East Dryden.

PROTEST POOL ROOM

REPRESENTATIVE BUSINESS MEN AND CITIZENS OPPOSE PROPOSED ORDINANCE

Just as the prayermeeting opened at the Glendale Presbyterian church Wednesday evening a telephone message reached the leader that a petition had been signed by business men of Glendale asking the trustees to modify the ordinance prohibiting pool rooms in our city, preparatory to opening such a pool room in the near future. After some discussion it was found that there were several prominent business men in the meeting who had not heard of the proposed measure, much less seen the petition, and it does not appear that the petition has been circulated among all the representative business men of Glendale. A unanimous action was taken that "The Glendale Presbyterian church is opposed to any modification of the present ordinance prohibiting pool rooms in the city of Glendale." The following business men, besides many others, participated in the action:

J. A. Newton,
James Cooper,
Glen Porter,
H. L. Findley,
Roy D. King,
Fred Heal,
M. J. McGrew.

Glendale High Football

The first practice of the High School football team was held after school yesterday. Mr. Cookman, an instructor in the school, is helping Coach Hayhurst with the team this year. The prospects are good for a championship team. The townsfolk supported the baseball team last year and two championship banners resulted. Why not support the football team as well?

EXTENT OF EARTHQUAKE DAMAGE

BETWEEN 500,000 AND 750,000 HOMELESS; ANOTHER SLIGHT SHOCK FELT

(Special Service to Glendale Evening News)

ROME, Italy, Sept. 8.—(Night Dispatch.)—With the extent of damage and number of casualties from Tuesday's earthquake still undetermined today, another slight earthquake shock was recorded in the Lunigiana and Versilla districts today.

More than 300 known dead have been reported from Tuesday's shock. Between 500,000 and 750,000 are reported homeless. Casualty lists are growing as communication with the devastated region was being re-established today.

COX COMING TO LOS ANGELES

TENTATIVE PROGRAM ARRANGED FOR DEMOCRATIC NOMINEE IN CALIFORNIA CAMPAIGN

(Special Service to Glendale Evening News)

LOS ANGELES, Sept. 9.—Southern California Democratic leaders were today preparing for the arrival of Gov. James M. Cox, who is scheduled to deliver numerous campaign speeches during his three days' visit in the southland.

The tentative speaking program arranged by Chas. M. Brown, Cox's campaign manager for Southern California, includes addresses at San Diego Sunday night, Sept. 19; rear platform speeches at Santa Ana and Anaheim Monday afternoon; address at Washington Park, Los Angeles, Monday night at 8 o'clock and several talks in this city on Tuesday. Tentative plans include an address at Long Beach on Tuesday morning.

HARDING ON JAPANESE QUESTION

WILL GIVE A COMPLETE EXPRESSION OF HIS OPINION TO CALIFORNIA DELEGATION SEPT. 14

(Special Service to Glendale Evening News)

SAN FRANCISCO, Sept. 9.—Senator Warren G. Harding will give a full and complete expression of opinion regarding the Japanese problem in California when he addresses the California delegation to Marion on September 14, according to State Chairman Raymond Benjamin. Benjamin today made public plans for the visit of the California delegation.

RAISIN TRUST CHARGED

OFFICERS OF FRESNO ASSOCIATION SAID TO HAVE MONOPOLIZED CROP AND RAISED PRICES

(Special Service to Glendale Evening News)

LOS ANGELES, Sept. 9.—Officers of the California Associated Raisin Company of Fresno were today preparing to meet anti-trust proceedings, begun by U. S. Attorney Robt. O'Conners in the Federal district court here yesterday.

Charges were brought that the raisin growers had monopolized 90 per cent of the American raisin crop and had unduly raised prices and used coercion in securing members of the alleged combine.

REPUBLICAN TREASURER EXAMINED

EXPECT BLAIR'S TESTIMONY TO PROVE THAT CHARGES REGARDING QUOTA OF 51 CITIES ARE TRUE

(Special Service to Glendale Evening News)

CHICAGO, Sept. 9.—While rumors of grand jury action against witnesses who gave alleged conflicting testimony before the Senate investigating committee were still current today, the examininations of Harry M. Blair, assistant treasurer of the Republican national committee, was resumed today.

Senator Reed questioned Blair about plans for getting funds in large cities. Reed attempted to prove by Blair that Governor Cox's charges regarding the quota of 51 cities were exactly true. Blair admitted that Form 101 was an official document, but insisted that the plan was not adopted because of objections of Wm. Boyce Thompson, chairman of the national ways and means committee. Blair said the plan was impractical since Thompson controlled collections in seven states, but he admitted that the plan was followed in some instances. Los Angeles, San Francisco and Seattle were among the cities where campaigns for funds were being made, Blair said.

GREAT FALLS, Mont., Sept. 9.—Will Hays, Republican national chairman, should be discharged for testimony he gave before the Senate investigating committee at Chicago, Gov. James M. Cox, Democratic candidate, declared today in commenting on the testimony of Dudley Blossom of Cleveland, which confirmed Cox's charges that a huge fund was being collected in Cleveland.

EARTHQUAKE AT SAN JOSE

(Special Service to Glendale Evening News)

SAN JOSE, Cal., Sept. 9.—A sharp earthquake shock was felt here at 9 o'clock this morning. While no damage was reported, hundreds of persons rushed into the streets.

OUR HOSPITALITY

MUST BE EXTENDED TO THE THOUSANDS WHO WILL COME FOR TRACTOR SHOW

Wake up, fellow citizens of Glendale, and get an understanding of the important event that is to take place in Glendale September 20th to 26th, that being the week in which the National Tractor Show will be held in Verdugo Woodlands, Glendale.

The time is drawing close when thousands upon thousands of strangers will come into our city, some of them to tarry with us only for a single day, and others who will come early in the week and remain until the close of the show. It is up to the citizens of Glendale to give the visitors a good time, and now is the time to make arrangements for doing so. Everybody should act quickly in doing his part to raising a fund that will defray the expenses of securing a band to play on the streets one or more evenings during the week. There are other expenses to be met. Comfort stations must be installed at suitable places in the business section of the city. Parking grounds for autos will have to be provided and equipped, near the Verdugo Woodlands. Banners and signs are to be placed at suitable points on roads entering Glendale. Who is to attend to all of this? Why, of course, the public-spirited citizens of Glendale. The business men alone? Certainly not, but every citizen in Glendale who is a property owner and interested in the welfare of the city.

It has been stated by Herman Nelson, Chairman of the Finance Committee, that $2,000 should be available for use at once to make the needed preparations and defray the expense of providing suitable entertainment for visitors during the week of the show. Mr. Nelson is assisted by R. F. Kitterman, Cashier of the First National Bank, and others, all of whom are busy men and cannot afford to make personal solicitation. It is in place for all persons who wish to make it easy for this committee to get in communication at once with Mr. Nelson at the bank at Broadway and Glendale avenue, or Mr. Kitterman at the First National Bank, corner of Brand Blvd. and Broadway, and tell them what financial assistance you are willing to give. The task of raising this money will be an easy one if all citizens interested co-operate.

Now is the time for us to show ourselves as real boosters for the city of Glendale. It has been indeed fortunate that the officers of the National Tractor Show have decided to hold their big show in our city, and now it is our duty to take care of the visitors in a respectable and wholehearted manner. Let us do it.

Kensington Club

The Kensington Club met Wednesday afternoon at the home of Mrs. Lillian Peckham of 615 North Central avenue. Although the attendance was smaller than usual, a very interesting afternoon was enjoyed. Mrs. Purnell gave a travelogue of her recent trip up north, which was very interesting. There were readings, recitations, and reminiscenses of the early days. Several members gave accounts of their experiences with their first beaux, which proved to be very amusing. The Kensington Club of Hermosa Beach is invited to attend the next meeting of the Glendale Chapter.

NURL FISH HURT

SUFFERS FRACTURE OF SHOULDER SOCKET WHEN HORSE FALLS ON HIM

Oma Fish has returned from Bakersfield where he and Mrs. Fish were called the latter part of last week by an accident which befell their 16-year-old son, Nurl Fish, who has been living on the Rankin ranch near Bakersfield. Mr. Fish brings the good news that his son's condition is not as serious as was at first feared.

A Bakersfield paper says: "Young Fish was riding a spirited horse which reared on its hind legs as the lad reached to close the cattle gate causing the boy to fall backward. The horse lost its balance and fell on Fish causing a serious fracture of the right shoulder socket and other injuries." First-aid assistance was given the boy on the ranch and he was rushed to the San Joaquin hospital where his mother still remains at his bedside.

WONDERFUL TRIP

THREE LADIES MOTOR 5000 MILES, ONLY MISHAP ONE BLOWOUT

On May 16th Mrs. Nora Waldron and her daughter, Miss Grace Winifred Waldron, of 1219 Randolph St., accompanied by Miss Goldsmith Kittle of Los Angeles started for a four months' trip which should take them far into British Columbia. They prepared thoroughly for the trip by having their Buick put in perfect condition, providing 15 gallons of extra gasoline, also a tent, cots and plenty of eatables. They were gone but a little over three months but in that time they traveled 5000 miles, camped out every night, saw some of the grandest scenery on earth, and the only mishap in the entire trip was one blowout.

They went by the inland route to San Francisco and then to Yosemite, after which they went up the American river to within 30 miles of Lake Tahoe, turning back because Mrs. Waldron could not stand the high altitude. They had intended taking the Pacific Highway on up through Northern California, Oregon and Washington, but suddenly changed their minds and decided to keep near the coast, so headed for Sonoma county, made famous by Jack London's story, "The Valley of the Moon." At Santa Rosa the paved highway was forsaken and from then on nearly to Grant's Pass only dirt roads were traveled over. The coast was reached and followed, up through Eureka and Crescent City, on across the state line, when Port-

(Continued on Page 6)

Call New Pastor

The First Congregational Church of Glendale held an important business meeting Wednesday evening and unanimously voted to call Rev. Charles M. Calderwood of Lee, Mass., as pastor. Rev. Calderwood is now pastor of the Congregational church of Lee, Mass., where he has been since 1917. He was born and raised in Iowa, is a graduate of Grinnell College and of Yale Divinity School. Since his graduation he has been assistant pastor of the Church of the Pilgrims, Brooklyn, N. Y., and pastor of the Congregational church of Manchester, Conn., for seven years, from there going to his present pastorate where he has been for three years.

CAPTURED STARR

S. W. FENTON, NOW GLENDALE GROCER, DIRECTED FORCE THAT LANDED BANDIT

By H. B. A.

Have you ever lived in Oklahoma? If you have you will remember it was not so long ago that life there was one continuous round of excitement and that it was a very quiet day indeed when three or four banks were not robbed and as many persons killed or a train or two held up. Today there is a different story to tell. The gunman has had his day and a state that was formerly a rendezvous for criminals and bad men is now a fair land of peace and plenty while it has forged to the front by leaps and bounds.

In the old days, the Dalton gang, the Starrs, and a dozen other bandit aggregations used to carry things with a high hand and no matter how peaceful a person might be or might wish to be it was a matter of "safety first" and as a matter of precaution everyone carried a six-shooter and was ready to "clear for action" at a moment's notice. Trains were held up on every hand, stores and postoffices were robbed daily, while banks were held up regularly in broad daylight and robbed often of small fortunes.

The writer of this article held an assignment on a Bartlesville daily in those days and well do we recall the many daring expeditions of some of the more notorious gunmen. We also recall some of the more prominent police officials who were delegated to keep the peace and who took a leading part in running to earth the bad men. They were instrumental in cleaning up Oklahoma.

Today there is in Glendale a gentleman peacefully pursuing the life of a busy and enterprising merchant, one of the men whom we knew in the wild days of Oklahoma and who stood out as one of the more efficient police officials. This person is S. W. Fenton, the grocer at 714 South Brand, who came to Glendale some few months ago to retire from years of strenuous life. Fenton had been a police official for some twenty

ANNOUNCEMENTS

ADVERTISEMENTS

FIRST M. E. SUNDAY SCHOOL

The annual picnic will be held next Saturday, September 11, at Brookside Park. Free busses for members of the school who do not have conveyance, will leave the church at 1 p. m. sharp. Supper at 5. Bring your lunch. Plenty of entertainment. Come!

DANCING RECITAL

Miss Evelyn Thomas, teacher of interpretive dancing, is giving a recital Friday evening, September 10 at the I. O. O. F. Hall, East Broadway, Glendale. Miss Thomas will be assisted by a student, Ellyn Mallery of Sierra Park. Miss Thomas has been a student of the Duncan Art and has appeared recently in Los Angeles and Pasadena at various social events.

TO THE PUBLIC

Our attention has been called to the fact that some unscrupulous person has been advertising under the name of the Independent Taxi Company, giving a different location and telephone number from ours, evidently hoping thereby to obtain customers intended for and rightfully belonging to us. This person has no connection whatever with the Independent Taxi Company and is not authorized to use our name. If you wish efficient taxi service call Glendale 191, or if you are down town and wish to take a taxi, you will find us at our old stand on Brand Boulevard in front of the P. E. depot.

Respectfully,
THE INDEPENDENT TAXI CO.

AMERICAN LEGION FALL DANCE

Glendale Post of the American Legion will open their fall social season with a dance at the Pearl Keller Hall, Wednesday evening, September 15. Unusual care is to be taken to make this opening dance one of the best the Legion has given. The affairs of the past have always been enjoyed by those who have attended and it is predicted that the coming season will be a notable one in the annals of the Glendale Post.

LEAGUE OF NATIONS LECTURE

Edward S. Jerome of Cincinnati, Ohio, will lecture at the Central Avenue School, North Glendale, Thursday evening, September 9, at 8 o'clock on the LEAGUE OF NATIONS. Public invited.

RM LABOR SHORT

T OF WORKMEN IS CON-NTLY TO CITIES. BIG WAGES KED FOR WORK ON FARM

ch is heard these days of a age of labor, particularly on the s. The discussion is keen ghout the corn belt states of country. It is a known fact that rs of large tracts of land under vation in Illinois and Missouri ly declare that if the labor situ- does not ease up some by next g that they will not attempt to all their land, but will devote a part to pasturage, only culti- g enough land for their own This is particularly true of rs of large farms.

hen we consider the Pacific t we find conditions quite simi- A case in point is a large fruit producer near Fresno. He i a man for his place, giving him use to live in, some ground for en and other comforts that go such arrangements. The man ed to work for $100 a month. had not worked long before he a demand for $110 a month. n informed by the farm owner he would stand the advance pro- g the man could turn out a lit- more work, the employe replied when his family came to that lo- y it was to rest some and for reason he did not intend to la- as hard as he had at the last e he worked. The farmer re- d he was up against it as his was ready for gathering and ld go to market at once so said nore. A few weeks later this farmer found it necessary to go distant city and when he inform- is man that he expected to be for a fortnight the employe n said to the horticulturist that n he returned he must have $125 onth for his work. The latest ouncement was a pleasing go thought for the farmer which doubtless thought over with so- contemplation.

here is no such thing as an eight ine-hour day on the farm. As a five-day week, there could be ing of the sort for the people produce our foods. And nine en holidays a year are in the e category. Agriculture is a n-day-a-week industry.

horter hours and more holidays all that make for lessened indi- al production. Necessarily there more jobs to be filled if the re- ed output is to be had. The fel- flocking in from the country the places. As the ranks of in- rial workers are augmented e is necessity for devices to give job. Even shorter hours is the al expedient. And that draws e men from the farms. In an rt to keep his help the farmer in- ses wages and up goes the price oods in the city. But the farm- ever can compete with the five- week. How, after a while, will city populations, with lots of on their hands, be fed?

The Fight for Paper

ord Beaverbrook, publisher of London Daily Express, is in Mon- l to take part in the fight which ish publishing interests have be- to obtain control of the Cana- paper pulp industry. As a re- of the paper shortage, which has ady forced some of the smaller nals in the United States to sus- d publication, a keen competition set in between English and erican manufacturers to gain ession of the Canadian pulp re- rces. The Americans have the antage at present in that 85 per of the capital invested in the in- try in the Dominion is their ey; but there is a strong propa- da in Canada to favor the Brit-

he situation makes it no more n prudent that the United States should develop its own pulp wood resources to the utmost. Steps have already been taken to erect pulp mills in the spruce forests of the Northwest. To save freight charges, however, it is desirable, from the viewpoint of the Eastern publisher, that no opportunities for raising paper stock nearer home should be overlooked.

CAPTURED STARR

Continued from Page 1)

years or more, served many years as a Deputy United States Marshal and for more than seven years was Chief of Police at Cleveland, a lively little city in the oil fields, and in the center of "real action."

Fenton is an unassuming gentleman and makes no boast of his career as a police official but anyone who has ever lived in Oklahoma knows him well. Perhaps Fenton's most noted achievement was the capture of Henry Starr, one of the most daring and notorious bad men that has followed a criminal career in the entire country. According to Fenton, Henry Starr was not responsible for many robberies with which he was credited, as, in his opinion, there were many "well-planned" hold-ups as a matter of convenience to conniving bank officials and other business men.

It was in 1909 that Starr left Oklahoma for greener pastures and he next turned up at Amity, Colorado, where he robbed a bank. As usual, large rewards were offered for his capture, but the game of chasing him had long since become a tiresome and useless one, for Henry Starr was credited with not only being a real gunman, but was also a real fox when it came to hiding out. Together with other bad men he made his headquarters in the famous Osage country just west of Bartlesville in a section noted for its roughness and caverns, and which for years has been the rendezvous of escaped criminals. In spite of every effort that has ever been made, unless it has been in very recent years, there never was a time when a police expedition was strong enough to "clean house" in the Osage.

It was some weeks following Starr's exploit at Amity that Fenton by chance found a clue to his whereabouts and by tracing a letter which had been sent by Starr to his wife the bandit was located at Bouse, Arizona. With a reward of $2600 hung up for Starr's arrest Fenton could not resist and promptly organized his plans for the capture. "I got away in the middle of the night," said Fenton, "and boarded a train for Phoenix and there organized my forces for the trip to Bouse, where Starr was said to be hanging out. Bouse is a mining camp out in the hills and at that time was made up principally of gambling dens and saloons. With two trusted men who were quick on the trigger I headed into Bouse and quietly made myself known to the postmaster. A dummy registered package was prepared addressed to 'Charles Felett,' which was the name Starr was using. One of his companions who happened in for mail was asked by the postmaster to tell Felett that there was a register for him. Soon after Starr made his appearance and as he stepped into the door of the little office found himself confronted on all sides by six shooters. It was evident that he was not the Starr of old for we found on searching him that he had no gun on his person. It was hard even then for him to stick up his hands but he did and was finally in irons and on his way. It was the first time in his life that Starr had given up without a fight." The bandit was taken to Lamar, Colorado, and turned over to the authorities while Fenton gathered in the reward of $2600 for his efforts. Today Starr is again at liberty and said to be in the movie game in the South. He has had few equals as a bad man.

RUSSIA'S HOPE IS ITS WEAKNESS

For many decades Russia with her vast population constituted a constant source of apprehension to the nations of Europe. Russia's desire for a warm water port and the means she might take to obtain it caused a fear to lurk in the mind of every head of government. When Russia defeated Turkey in 1877-78 it was a concert of powers that prevented her from reaping the fruits of her military victory because it would give her a predominance that was disturbing.

Great Britain feared for India, though almost insuperable barriers would needs be surmounted before Russia could really threaten that country. In fact every great nation of Europe kept its eyes on Russia because it was believed she had the strength to accomplish anything she might undertake. It was her enormous man-power that constituted the menace. Her upwards of 200,000,000 of people was thought to be an inexhaustible reservoir from which to draw strength for her armies.

It has been shown, however, that much of the fear that Russia inspired was groundless. Japan 15 years ago demonstrated that Russia had weaknesses that sapped her vitality. Her failure in the Great War was another illustration that she was much less to be feared as an enemy than had been suspected. Russia had and still has the man-power. She has abundant undeveloped resources. But man-power without capability in guidance is without its proper force. Russia could put many men in the field, but men not properly equipped, munitioned and rationed are ineffective. Corruption in her government wrought the ruin of her cause. Her authorities lacked honor. They enriched themselves at the expense of their country's life.

Russia need never have been feared had those who dreaded her power looked beneath the surface. They should have seen that she lacked in transportation, she lacked the developed resources that enable a nation to prosecute a successful war, her authorities lacked honesty. She had potential force, but efficiency in directing that force was wanting. That Russia today is fleeing before the war-weary soldiers of Poland shows that Russia has not improved under the rule of the bolshevists. Its government heads are still of the unscrupulous type that led the Russian armies to defeat in other conflicts.

That out of the hundred and odd millions the bolshevists are able to put in the field no greater armies shows that they represent not the aspirations of the real Russian people. Were the heart of Russia with the bolshevists like the Poles' stand for their national restoration the Russians would be able to overwhelm Poland by mere numbers without making great use of the implements of war. Russia as a military power is still weak because she is not capably led in a cause in which she has no zeal.

Yet Russia possesses potential force that would be well-nigh irresistible were her millions unified in a cause and capably and honestly directed. If the time ever comes when Russia secures an efficient, honest, upright and equitable government, if it rises to the place where its people enjoy the blessings of a just government under law, if it progresses to the point where its population is lifted out of its ignorance, if its resources are developed in keeping with twentieth century progress, then may Russia be feared by any nation or coalition that arouses her anger. It is true that her disordered state is now a menace and a great one, but a menace slight compared with what it would be did the bolshevists represent more than a small minority of the Russian people.

It is well, indeed, for civilization that the bolshevists are handicapped by Russian inertness. Were they backed by the entire man-power of the former empire the outlook for the world would be dark. It is well that the same influences that prevailed to neutralize the power of Russia in the wars in which she engaged operate now to stay the progress of the barbarous doctrines that are recognized as essentially Russian. Russia's weakness despite her numbers may prove the safety of civilization.

TRAIN YOUR MIND

Within every man and woman, life is constantly being brought into manifestation. Old cells are being broken down and sloughed off. New cells are taking their places and each one of us can and does put the seal of his will upon this new life as it wells up from within him as impulse.

This life force comes fresh from the source of all life. It follows the channels prepared for it by human choosing, hour by hour.

The more fully you recognize this life force and bless and welcome it, the more fully it will come forth into manifestation.

Fill the mind with hate and resentment and this life force will be cut off. It will recede to the source whence it came.

Intense concentration, worry and fretting will drive the life force back. Train your mind to harmony and poise and life is attracted to you.

Life is fluid. It ebbs and flows according as you recognize and use it. "Nature abhors a vacuum" and withdraws that which you do not employ.—Nautilus.

RURAL GERMANY NOT HUNGRY

One of the most striking sights in Germany is the flocks of children everywhere, in spite of the wastage of more than four years of war and food scarcity. Certainly none of these plump little country "square heads" showed any evidence of having suffered from hunger; compared with the pale, anemic urchins of large cities they were indeed pictures of health. They resembled the latter as ripe tomatoes resemble gnarled and half-grown apples.

At least half of them wore some portion of army uniform, cut down from the war-time garb of their elders, no doubt. The round, red banded cap covered nearly every head, and many carried their lunches and books in the hairy cowhide knapsacks of the trenches, usually with a cracked slate and the soiled rag with which they wiped their exercises off it swinging from a strap at the rear.

They showed much curiosity at the sight of a stranger in town, but when I stealthily opened my camera and strolled slowly towards them they stampeded in a body and disappeared pellmell within the schoolhouse door.—Harry A. French.

Many a man, on discovering that you think well of him, tries to convert your good opinion into cash.

The wise man consults his banker before he hands money over to a stranger for any kinds of stocks.

Many a pharisaical politician wonders how all the rescals were chased into the opposition party.

DANIEL CAMPBELL, President J. A. LOGAN, Cashier

THERE'S A BIG LEAK
IN YOUR PURSE

YOU ARE LOSING MONEY DAILY AND RAPIDLY

ARE you practicing transportation thrift in the use of your automobile. Have you computed the cost of operation and maintenance and compared it with what you could travel for by as rapid and as comfortable means; and many times, more rapidly?

As a business proposition you cannot afford to use your machine for business trips to the city, especially if you are making the trip daily. If it is purely a matter of pleasure and desire **and you can afford it**—that's different, although it is not thrift.

The cost of commutation transportation over the Pacific Electric Railway is one and one-third cents per mile, and books adaptable to almost any number of trips per month desired are available. Tests made by the Government fix the cost of automobile operation at 8 to 14 cents per mile ranging from "Henry's" up. Your pencil need not be very sharp to figure that as a **business** proposition, your machine does not favor you as compared to the Railway's offer. No machine made can serve you at that cost.

Of course, it's a question: Can you afford it; or, do you just want to, anyway, without reason; or are you thrifty and want to stop **all** the leaks?

If You Want

to leave your moving and transfer troubles behind you make use of us. We are willing and able and fully equipped to handle any commission large or small. Our moving won't mar your furniture and our prices will not hurt your feelings, either.

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same, may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 30th day of September, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand ($1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the City of Glendale.

Dated August 26, 1920.

Mental Hygiene

There are persons who scoff at the freak tests which were made in the military service and which are being used by many large employers of labor. These tests had their place in determining the fitness of soldiers, and they still perform a service for some employers.

The National Committee for Mental Hygiene, realizing the value of normal mentality in industry, has undertaken to direct the study of the subject as it pertains to industrial and business life. The problem of the industrial foreman is to place men in work that will prove best for themselves and their employer.

Psychiatry, the term applied to mental hygiene, goes farther than psychology in that it undertakes to solve the problems of the troublesome employe by helping him make adjustments so that he may be a good workman and a useful member of society.

Many men, unfitted temperamentally for the work in which they are at present engaged, find themselves lacking in the mental satisfaction that should come from employment to which they are best adapted. Psychiatry attempts to overcome the handicaps of the individual and direct his mind in a way that would develop the best that is in him.

The mental attitude of a person toward his employment will determine his success or failure. The matter is more deeply rooted than mere like or dislike, and the tests provided by the system known as psychiatry undertake to discover the real difficulty and remove it.

French Statistics

The announcement of the French minister of labor that the deaths in France last year, excluding the invaded districts, exceeded the births by more than 200,000, demonstrates that the decimation of the population did not end with the war.

The birth rate in France has long concerned those who have given thought to the future of the nation. The losses sustained on the battlefield, coupled with the wide adverse differences between the births and the deaths, must show an alarming decrease in population, though births were greater by 16,000 than in 1918. It is probable that the deaths were increased over what might be expected normally by survivors of the war succumbing to wounds or disease contracted in the service. Unless the conditions are reversed the future is hopeless.

However, it must be considered that this condition is abnormal, though it would be less alarming had not the birth rate for years previous to the war been so low. France cannot fully rehabilitate herself and regain her place as a great power unless her population increases. In contrast with us she does not gain heavily from immigration. Her increase must come from her own blood.

Be Careful

A parrot and a dog were left in a room, all by their lonely. The parrot thought it would start something to break the monotony. It yelled, "Sic 'em! Sic 'em!" The dog jumped up, alert and ready to get on the job, and seeing nothing but the parrot to "sic," it went for the bird. After a fierce struggle in which the parrot was beautifully mussed up, it managed to escape to its high perch. There, in its security, it looked itself over and muttered: "Polly, you talk too damn much!"

CERTIFICATE OF BUSINESS

Fictitious Firm Name

The undersigned do hereby certify that they are conducting a jewelry manufacturing and repair business at 315 Brockman Building, Los Angeles, California, under the fictitious firm name of Whitaker and Miller, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Homer B. Miller, 434 W. Burchett Street, Glendale, California.

Oscar L. Whitaker, 209 North Orange Street, Glendale, California.

Witness our hands this eighteenth day of August, 1920.

HOMER B. MILLER.

Personals

A marriage license was issued in Santa Ana yesterday to Henry F. Barlet and Miss Laura Lucille Winsel, both of Glendale.

Rev. H. C. Claycomb is putting a "deck" on his one-story house at 126 South Kenwood, thus providing two up-stairs bedrooms.

Miss Nancy St. Clair of the Public Service Department force is taking her vacation now and spending part of the time at Catalina.

Mrs. Irene Jefferson and small daughter Rita are returning to Chicago, after a five weeks' visit with Mr. and Mrs. Frank Salmacia, of 361 West California Ave.

Dr. McLaughlan and wife have moved out from Los Angeles and are occupying their new home, nearing completion, at the corner of Harvard and Kenwood.

Jas. H. Searles and family have moved from their home at 378 Myrtle street to the recently purchased property at 470 Riverdale Drive. N. E. Arnold is now living in the old Searles home.

G. C. Smith, wife and little daughter, Violet Mae, of 457 Pioneer Drive, accompanied by Mrs. Smith's brother and wife, Mr. and Mrs. J. Luedke of San Diego, left for a camping trip above Bishop, Cal., and expect to be gone for about two weeks.

Geo. A. Whitaker, of 200 East Chestnut street, is on a business trip to Arizona. Mr. Whitaker's daughter, Miss Caro, recently a student at the Pasadena Hospital training school for nurses, has completed her course of training there, and is now at home.

Herbert Reid and family, formerly of 216 Milford street, moved to Los Angeles last week, renting a flat in the Hollywood district. Mr. Reid has sold his lot on Milford. Mrs. Reid's parents, Mr. and Mrs. C. I. Sherwood, are residing in the house until their new home on the next lot east is completed.

Louis Moniot of 416 Fernando Court was riding his bicycle home last night on San Fernando Road, when, in going around a slow-moving auto he ran into another machine and was knocked off his bike, receiving a bad cut on the back of his head, which it is thought will not prove serious.

T. A. Williams, who has been visiting relatives in Pomona and Ontario, returned to Glendale yesterday, accompanied by his son, Eldon, who has been attending Colorado University at Boulder. He will go to that city soon to finish his course. Mr. Williams is an uncle of Mrs. C. A. Cole.

H. W. Peterson and wife who some time ago sold their residence at 1225 Mountain street, have built a two-story garage on the rear of a lot they own at about 1601 Kenneth Road. They will build a large house on the front, later. Mrs. Peterson is a daughter of Menzo Williams, of 1355 North Central avenue.

Architect A. G. Lindley is preparing plans for two new church buildings, one at Calexico, which is to be a community church. It will be built in three units, church, parsonage and social hall, and of classic style of architecture. The other is at Artesia and will be of Spanish style. Both will have plastered exterior and the cost of each will be in excess of $25,000.

Mattison B. Jones, wife and daughter, Winifred, again took possession of their home, 208 South Brand, Tuesday, after spending the summer in Hermosa. Mr. Jones was absent in San Francisco last week, attending a law case in which he was interested as counsel. C. H. Hollis and wife, who leased the Jones home for the summer, went from here to Venice to live.

W. A. and D. D. Haines, the panoramic photographers started yesterday on a trip north, calling upon the art store trade, also making new negatives at many places. They will go up the Coast to San Francisco, thence to Stockton, Sacramento and other points then up to Lake Tahoe, coming back through the San Joaquin Valley via Merced, Fresno and other places in that section. They expect to be gone about three weeks.

Another evidence of the growth of Glendale is indicated by the exceptional increase in the demand for gas connections. According to W. R. Phelon, district manager for the Southern California Gas Company, they are being rushed with orders and the demand far exceeds that of any previous period. In addition to the many applications for new connections there are also many changes being made by present residents of the city.

Clarence Blanchard of 803 East Windsor Road, who was so seriously injured by a reckless autoist a few days ago, is not progressing very favorably, according to his father, who said he feared the internal injuries the boy suffered, especially the hurt to the kidneys, will be very slow in healing and that he will never regain his full strength. The younger boy, Henry, was not badly hurt and is nearly as usual again.

Mr. and Mrs. Frank Kay of East Maple and South Louise, took Mesdames Kennedy, Johnston, Fenstermaker and Doerr to the Compton ranch this morning. They were to have a picnic dinner on the way.

Mr. and Mrs. W. R. Ireland, formerly of Los Angeles, have moved into their new bungalow at 309 Milford street. The house has been finished several months but has not been occupied as Mr. Ireland wished to dispose of an apartment house in the city before moving to Glendale.

Guy B. Mize, who came to Glendale from St. Louis, Mo., a few weeks ago, to look for a location for his parents, brother and sisters, has accepted a position in Los Angeles with the Cudahy Packing Co., and written the family to come. He expects them about October 1 and is diligently looking for a home for them in Glendale.

Mrs. Mabel Rudy and her son Keith have recently arrived in Glendale from Kansas City, where they spent the summer. They came by auto and were accompanied by Mrs. Rudy's brother, John R. Strode, and his bride, who was Miss Hazel Greene of Kansas City. They came over the Santa Fe Trail. Mrs. Rudy says she spent a very pleasant four months in the East but is glad to be home again. She is building a home at the corner of Lomita and Central avenues.

Meeting Postponed

Today being a holiday the regular meeting of the Board of Trustees of the City of Glendale, which was to have been held this evening, has been postponed until Friday night at the regular hour.

Van Nuys K. P. Coming

Glendale Lodge, No. 331, K. of P., is preparing a royal welcome to the members of Van Nuys Lodge, who are to be their guests next Tuesday evening. There is to be special entertainment features ending with a banquet. All visiting as well as resident Pythians are requested to attend.

Arrest Women Forgers

Bond in the sum of $2000 each was furnished for Mrs. Brentinger and Vera Myers when they were arraigned before Judge Lowe yesterday. As soon as they were released they were taken into custody by waiting Pasadena officers on similar charges. They are charged with forging and passing checks in Orange county cities and various other places, also.

Resume Church Suppers

The church night suppers at the Christian Church were resumed last night after a vacation of five weeks. More than sixty were served. The Bible study immediately following, led by Rev. Cole, had an attendance of forty-five. The subject was "The Two Covenants," paving the way for a historical study of the New Testament. There were forty at the prayer meeting.

The Board of Strategy

There are many interesting places in Glendale but if you have missed the sessions of the Board of Strategy which holds out during the morning hours at the Horseshoe Club at Orange and West Broadway you have not seen all of Glendale and have passed up some interesting debates as well as a number of contests on the course worth seeing.

Just now Glen Archer is said to hold the belt for horseshoe pitching. Of late several attempts have been made to lower Archer's colors and among the serious contenders are said to be Doyle Porter, who throws the shoe accurately, while H. T. Anderson, V. C. Philp and O. T. Walker are credited with wielding a trusty croquet mallet.

Along the side lines on the benches is where the sessions of the Board of Strategy are held and one may hear most any current subject under discussion. The Evening News intends to make note of some of these interesting discussions and will endeavor to report some of the debates in full.

Lumber Yards Rushed

Glendale lumber yards are a week behind in their orders and will take no more orders without stipulating that a delay of that long or longer must be expected. This state of affairs is due, first, to the unprecedented demand for building material, and second, to the great difficulty of procuring enough help. The yards are crowded from opening to closing time with trucks sent by contractors and others who cannot wait for delayed deliveries, therefore furnish their own conveyances. The Bentley-Schoenemann Co. had four cars of lumber and one of lath come into their yards a day or two ago and they had but three men on hand to unload them—an impossible task. Promise of high wages and carfare both ways failed to secure enough men for expeditious unloading. Men and boys to drive delivery trucks are scarce also.

BEAUTIFUL HOME

NEW RESIDENCE OF MENZO WILLIAMS, NORTH GLENDALE, IS COMPLETED

The beautiful home of Menzo Williams at 1355 North Central avenue is completed and most of the furniture placed, so Mr. Williams, his younger daughter, Miss Nellie Mai, and a sister, Miss Ellen, who are to occupy it, will soon move in. They have been living in the large garage in the rear.

Mr. Williams bought a 5-acre tract up there in 1906, soon after he came out to California and set the west portion of it to walnut trees. He built a handsome home on the south 2½ acres and occupied it for a number of years, until last April, in fact, when the family moved into the garage on the north 2½ acres, having sold the old home two months before. The new house was commenced at that time. It has ten rooms and a large cement basement. In the latter are wash room, trunk room and furnace room, where the heater and 5-unit hot-air furnace are located. At the head of the stairs leading up from the basement is a large hall, from which opens a combined breakfast and serving room, to the east, and a kitchen, 14 x18, with every known convenience, to the north. From the breakfast room one enters a large dining room with a commodious bay window in the east side, lined with French windows and doors. Next, on the north, is a beautiful, large living room, separated from the dining room by folding French doors, and on beyond that a luxurious den, the two striking features of which are a built-in bookcase and a wide, open fireplace, with beautiful variegated tile formation. Beside this is a self-locking woodbox, which is filled from the outside. Leading off to the south from this den is a long, narrow hall, from which branches off to the west a similar hall, which leads to the three bedrooms and bath. The latter has the walls tiled to a height of 6 feet and then vitrolized the rest of the way up and on the ceiling. The bedrooms have extra large closets, cedar finished. The hall first named leads from the den to the kitchen. The rooms are all finished in oak. A porch 60 feet long with a Colonial balcony at the northeast corner, stretches along the east side. The home and the grounds, which are well set off with lawn, trees and flowers represent a valuation of not far from $50,000.

Miss Nellie Mai said her father felt that the city was rather encroaching on his quietude of late so he is contemplating the building of a home similar to that on his 24-acre ranch at Encino Acres, between Van Nuys and San Fernando. This tract is set to walnut trees, which are making a vigorous growth and are now bearing.

Death of Mrs. Park

Mrs. Martha B. Park, aged seventy-five, died at the Pasadena Hospital last evening. She was the mother of Mrs. Ida M. De Grasse of 213 West Windsor Road. She was born in New York but had lived in California sixty years. Funeral services will be held tomorrow, 2 p. m., in the Pulliam & Keifer Undertaking Co. parlors. The body will be cremated at Forest Lawn.

PRIMARY RESULTS

LENROOT LEADS IN SENATORIAL RACE OVER LA FOLLETTE'S CANDIDATE; SIMMS NOMINATED

(Special Service to Glendale Evening News)

MILWAUKEE, Sept. 9.—Senator Irving Lenroot held an undisputed lead over James Thompson, who was sponsored by Senator LaFollette, in the fight for the Republican senatorial nomination.

Congressman Esch, co-author of the Esch-Cummins railroad bill, has been defeated for renomination.

PHOENIX, Ariz., Sept. 9.—Mit Simms was conceded the Democratic nomination for governor by headquarters of Mulford Winsor.

ATLANTA, Ga., Sept. 9.—Despite the active opposition of the American Legion, Thos. Watson, former congressman and former candidate for president on the Populist ticket, has been nominated for the United States Senate.

In the minds of many persons Ellis Island, in New York harbor, is a sort of temporary prison where persons of doubtful character are confined. Even a brief stay in its precincts seems somehow to place a stigma on the individual. Now, according to Commissioner Frederick A. Wallis, radical reform is to be witnessed at Ellis Island. Good conduct will be made a matter of honor rather than of rigid regulations.

First impressions are lasting. Let us give newcomers a lesson in that same courtesy which we shall expect from them at the very gates of our country. For some day most of them will be American citizens, with the same rights and privileges that we now possess.

NATION OF QUITTERS

GOVERNOR COX SAYS WE ARE SO REGARDED BY NATIONS ASSOCIATED WITH US IN THE WAR

(Special Service to Glendale Evening News)

HELENA, Mont., Sept. 9.—The United States is regarded as a nation of quitters by its associates in the war "because the Senate oligarchy has blocked our entrance into the League of Nations," Governor Cox declared in a stump speech here today. "America cannot enter into that period of prosperity to which we are entitled until the doubt, distrust and growing hatred created against us has been removed," Cox said.

HEAL JAP-AMERICAN BREACH

VISCOUNT KANEKO WILL ATTEMPT TO OVERCOME THE FEELING ENGENDERED BY AGITATION

(Special Service to Glendale Evening News)

HONOLULU, Sept. 9.—Viscount Kaneko, president of the Japanese-American Society of Tokio, will soon leave for the United States to attempt to heal the so-called breach in relations between the two countries growing out of the anti-Japanese agitation in California, according to a dispatch to the Nippu Jipi Japanese newspaper here.

M'SWINEY GROWING WEAKER

(Special Service to Glendale Evening News)

LONDON, Sept. 9.—Lord Mayor MacSwiney was much weaker today, according to a bulletin issued by Sinn Fein headquarters here. The Lord Mayor spent a bad night, and his arms and legs are growing numb, the statement said.

OLIVE THOMAS ACCIDENTALLY POISONED

(Special Service to Glendale Evening News)

PARIS, Sept. 9.—The condition of Olive Thomas, wife of Jack Pickford, who accidentally poisoned herself by an overdose of medicine containing mercury, was unimproved today, according to statements by her physicians.

WONDERFUL TRIP

(Continued from Page 1)

land was headed for. The roads passed over between Santa Rosa and Crescent City were very rough in many places, especially where the mountains of the Coast Range were crossed, but the scenery was wonderfully beautiful. Wild rhododendrens 10 feet high, azaleas and foxglove grew in wildest profusion and for more than 20 miles forests of giant redwoods, soon to be cut down for lumber, were passed through. The ground in these forests was covered with verdure and flowers. The travelers were in sight of the ocean most of the time. From Portland a drive was taken out over the famous Columbia River highway and then the journey was again taken up. Eugene, Salem and Cottage Grove were passed through and Washington traversed, the cities of Bellingham, Everett, Seattle and Tacoma being visited. Then the line was crossed and Vancouver, B. C., visited. From here the travelers had expected to take the trip by ferry to Victoria, on Vancouver Island, 35 miles distant, but so much fuss was made about getting their auto on board that they finally abandoned the trip. They had considerable trouble in British Columbia because of all vehicles being required to keep to the left. Practically the same route was taken on the way back until Sacramento was reached then the coast route was traveled the rest of the way.

Whenever the weather was fair the ladies slept in their cots out under the trees but when it rained the cots were arranged like Pullman berths in the auto and the raindrops lulled them to sleep.

They had not the slightest trouble in obtaining gasoline and never had to open one of the three 5-gallon cans they took along as a reserve. They felt on their return that they had proved conclusively that women can travel thousands of miles and camp out every night, on this coast, in perfect safety.

H. S. INSTRUCTORS

NAMES OF MEN AND WOMEN WHO WILL TEACH VARIOUS BRANCHES IN G. U. H. S.

With a much larger enrollment than last year in Glendale Union High School and the additional accommodations not yet ready for classes, teaching starts off under difficulties, yet all are trying to make the best of it. One new instructor said he was used to and liked large classes but when he found himself confronted with 79 young pupils he thought that was really too much of a good thing. There are yet a few teachers to be secured but below is a list of those now enrolled, the * after a name indicating that this is the first year for the teacher in Glendale High:

Geo. U. Moyse, principal.

A. L. Ferguson, vice-principal and head of mathematics department.

Miss Dorothy B. Poppy, English.

Miss Jennie Y. Freeman,* English.

Miss Nora H. Parker, English.

Miss Aileen Renison, English.

Miss Mona Gardner,* oral expression and debating.

Miss Daisy Wilson, Spanish.

Miss Bessie L. Field, History and Spanish.

Miss Fay McEndree, Spanish.

Miss Edla Magneson,* English and Civics.

Miss Isabel Stephens, Latin.

Miss Bertha Drabkin,* French.

Miss Iva Hunter, History, Civics and Spanish.

Miss Clara M. Lauderdale,* History and Sociology.

Miss E. Maud Soper, History.

Edgar Boughn,* Mathematics.

Miss Jennie McGregor, Mathematics.

Miss Gertrude Mallory, English and Journalism.

Alfred Cookman,* General Science, Hygiene, Assistant in Athletics.

Chas. D. Poore, Chemistry.

Miss Eleanor Green, Biology, Physiology and Hygiene.

Mrs. Dora Gibson, Harmony, Orchestra and Sight Reading.

Miss M. Irene Muller, Interior Decorating, Applied Art and Designing.

Miss Mary Beth Abbott, Free Hand Drawing.

Miss Vera A. Holloway, substituting as instructor in Advanced Sewing until regular teacher can be secured, in place of Mrs. Elizabeth Bement, deceased.

Miss Hilda Smith, Beginners' Sewing.

Miss Ellen J. Hanson, Advanced Cooking.

Arthur Oliver, Mechanical Drawing.

G. O. Lockwood, Shop Head.

C. H. Wright,* Woodwork and Forge.

Morgan N. Smith,* Auto Shop.

Helen Goldthwaite, Commercial Arithmetic and Shorthand.

Miss Gertrude Ballard, Commercial Course—Shorthand and Typing.

J. Rhea Baker, Commercial—Business English, Commercial Law, Advanced Book-keeping.

P. A. Fullen, Commercial—Bookkeeping, Penmanship and Spelling.

Miss Florence Knight,* Physical Education—Girls' Gym.

Normal C. Hayhurst, Physical Education—Boys' Gym.

W. A. Nord,* Mathematics and Physics.

NEED CO-OPERATION

THOSE WHO HAVE WELFARE OF YOUNG MEN AT HEART SHOULD BE INTERESTED

The question of issuing a permit to conduct an amusement hall in which billiards and pool will be played, is stirring up considerable contention among the citizens of Glendale. Glendale has always avoided the existence of every sort of amusement that might be considered questionable and there are many who fear that a billiard hall or pool room might be conducted in a lax manner and make it headquarters for young men who would not have their moral condition bettered by spending their time in such a place. The opinion of those people looking at the question in this way deserves consideration and it is only with the best wishes for the good of the young men of the city that these men come to such conclusions. However, the question is one that is up for consideration and there are many citizens who believe that a properly conducted place of amusement for the young men of Glendale would be advantageous to the welfare of the young men. The whole question hinges upon just how such a place of amusement would be managed. There is no harm in engaging in innocent amusement and the games of billiards and pool are engaged in by young men's associations of high character and the indulgence in these games is recommended by the very best people in the world.

The fear that exists, in the minds of those who have spoken against a permit to be granted for the conducting of an amusement hall, is grounded entirely upon the chance that such a place will not be properly conducted, and if such a place were not conducted in an orderly manner, these people would have a just right to have this fear, and every citizen in Glendale, who has the best interests of the young men at heart, should have the same fear. Now what we need is that citizens of Glendale get together as real men who have at heart the doing of the very best possible for wholesome amusement for the young men of our city and unite upon some feasible plan and see that such plans are carried out in a way that will be satisfactory to all concerned.

There appears elsewhere in this issue of the Glendale Evening News a list of the residents of Glendale who signed a petition asking that a permit be granted to B. L. Cushman of 208 East Maple avenue to conduct an amusement hall in an orderly manner. This petition was undoubtedly signed by men who had a clear understanding that such a place would be conducted in a proper manner and if not so conducted these men would show their disapproval immediately.

Amendment No. 4

Members of the Los Angeles City Club the other day listened to a spirited debate on the proposed amendment to the state initiative law which will appear on the November election ballot as Amendment No. 4.

Senator L. H. Roseberry spoke in favor of the amendment and Dr. John R. Hayes opposed the measure.

The by-laws of the club forbid action by the club on such measures but the amount of applause received by Dr. Haynes indicated that if a vote had been taken the result would have paralleled that of the Commonwealth Club of San Francisco, which, after a similar debate, voted two to one against the adoption of Amendment No. 4.

Senator Roseberry contended that to raise the required number of signatures from 8 to 25 per cent on all tax measures would not make the initiation of such matters impracticable. He stated that in six of the 21 states which have the initiative questions of taxation are exempt. He urged the measure as a prevention of single tax legislation.

In reply, Dr. Haynes declared a 25 per cent requirement to be prohibitive, and showed that the supporters of this very amendment had been able to get barely the number of signatures required by 8 per cent.

Dr. Haynes gave the following forceful reasons why the amendment should not be adopted:

"It will prohibit the initiation by the people of all tax legislation, not single tax only.

"It is not necessary to destroy the initiative in order to defeat single tax.

"Twenty-five per cent of signatures means 250,000 names, or one out of every four voters in the state.

"To certify 250,000 valid signatures nearly twice that number must be secured in order to provide against error. This would prevent the initiation of such measures by all but the individuals and organizations of large means.

"Not one of the 21 states having the initiative require anything like as high as 25 per cent. Most of them have the same as California—8 per cent.

"If the amendment carries all power to tax the people will rest with the legislature where fourteen votes in the senate can prevent any change in our tax laws.

"This amendment is but the opening wedge which will lead to a complete destruction of our initiative privileges by those forces and interests that have always opposed government by the people in California."

Era of Savings Begun

Evidence of this is given in reports that are made by officers of many corporations as to what their employes are doing with their wages.

Some of the reports indicate that the employes were spending unwisely, but most of them indicated that their employes had passed through a period of extravagance and were now getting down to brass tacks and business. They had had their economic spree in the first flush of comparative prosperity, and had gradually got over its effect and set about to store away a harvest against any possible drought of the near or distant future. In all of which there is, needless to say, splendid common sense.

What does it all indicate?

This—and while there is that which is gratifying in it from the national viewpoint, there is also a powerful kick in it for those of us who have long been white-collar folk, whether we like it or not. The people who have been making the big incomes and still are making them, are not squandering every cent they made and riding for an awful fall on the day that the "war emergency" ceases—if that day ever arrives. They have for some months been displaying more good American common sense than they've been credited with, and they are intrenching their next generation with the equipment which will enable it to retain and improve the economic position gained by the present generation. That equipment is education. Also, they are buying property—usable property—things that go into and improve the home, and that can be handed down to that next generation.

Such people make the poorest radicals and direct-actionists and bolshevists on earth. Educated persons who have property in their own names are persons who believe in firmly established governments and in laws that protect property. So much for the weird wailings that we occasionally hear in these political days to the effect that we're riding fast to the brink of a Russian free-for-all fight. The facts in the case fail to support the theory; contrariwise, they show that whatever else we may be going toward, we are going in the very opposite direction from this.—Exchange.

Glendale is a community settled by people who stand upon nearly the same plane. Glendale has but few real poor people, and not many real rich ones. The rich are the sensible rich.

SOME CONSOLING WORDS OF WISDOM FOR SLEEPLESS

A wise physician once defined insomnia as nothing but sleeplessness plus worry, thus robbing the idea, to begin with, of the worst of its terrors. For one to realize that worry is not only a part of this nightly tragedy, but literally the plus part, is to shake the mischief out of it as readily as the prestidigitator shakes rabbits out of his handkerchief. Perhaps, too, to carry on the figure, we may concede that to do this as readily and successfully as the conjurer does demands a technical skill which, like his, must be learned. It is in the hope of offering to others some suggestions for acquiring the technique of lying awake successfully that I am gathering together in this paper the results of my own extended and most unbelievable experience.

I believe that the first step is the elimination of the mental distress that almost always attends upon sleeplessness. This is of a peculiarly poignant kind and often amounts to actual despair, rooted in a firm belief that much loss of sleep is bound to result in a mental and physical breakdown. There is no warrant whatever for this fear. One who, I believe, has put the matter to an ultimate test, is able to be quite certain that a nightly average of four hours' sleep supplemented by four hours of real rest, is sufficient not only for fairly comfortable living but that it will also leave a margin for a slow gain in health.

It is to be sure, not affluence—one might easily wish to have more; but, like a narrow income, it can be made to cover one's needs if one is willing to be prudent.

And there are few, if any, sleepless persons, even among the most afflicted, who get less than this amount of sleep in twenty-four hours, though it is common enough to find many who are quite honestly sure they do not. No testimony should be more implicitly distrusted than that of the sleepless. Some of us sleep more than we think we do, some of us lend ourselves to a loose exaggeration of speech simply because we are too tired to knit up our mental processes into more exact form, or because the sleepless person subconsciously always craves interest and pity for his condition.—From "The Technique of Lying Awake," by Mrs. Winfield Scott Moody, in the September Scribner.

ARE ALL SERMONS INAPPLICABLE TODAY?

When the Rev. Robert Pratt resigned his charge in Portland, Oregon, and announced his retirement from the ministry he explained his action by saying, virtually, that all of the sermons have been preached so many times that they have lost all effect.

The same thing has been said about stories and many people are well satisfied that they have all been told. It is also true that somewhere back in the early history of the United States a man resigned from the patent office because he became convinced that there was nothing left to invent. Indeed, there was a great man who antedates the Portland preacher and the patent office man by several thousand years who said there is nothing new under the sun. He was a preacher also and it is not unlikely that both of them needed vacations.

The Portland preacher who thinks there is nothing new to say in these stirring days is like the St. Louis editor who complained in his columns that there was no news to print just at the time when the men were gathering to fight out the battle of secession or union on the doorstep of that very editor's office.

People who think that the world's clock has run down, that there is nothing new, that all is vanity and vexation of spirit suppose themselves to be philosophers taking a stern, uncompromising view of the truth, but it will generally be found that there is something the matter with their livers. The healthy man still thinks that every day is a new day and though principles are old the facts to which they must be applied are infinite.—Detroit Free Press.
